Tyler Hartland

Minneapolis, MN | 612-812-4983 | tylerhartland7@gmail.com | GitHub | LinkedIn

SKILLS

Android, Ruby on Rails, Ruby, JavaScript, HTML, CSS, Git, Rspec, Jasmine, TDD

PROJECTS

Viaggio

Viaggio(github) makes use of the D3 Javascript library, Rspec, Jasmine, Travis CI, Sidekiq background jobs, and more.

Wiki-Racer

Wiki-Racer was an early experiment in Ruby before any formal education. It solves a complicated shortest-path problem, and it's fun!

EXPERIENCE

Teaching Assistant

Dev Bootcamp August 2013

Dev Bootcamp is an intensive program covering Ruby, SQL, ActiveRecord, HTML, CSS, Javascript, Sinatra, and Rails. More importantly, Dev Bootcamp strongly emphasizes collaboration and feedback. Conducted code reviews and assisted in refactoring code. Assisted students in completing core challenges and projects.

Industrial Hygiene Technician

Aerotek 2011 - 2012

Analyzed risks of noise and chemical exposures using scientific and statistical methods.

English Teacher

Web International English September 2010 - December 2010

Taught English as a second language to students in private lessons, groups of 5-10, and classes of 40+.

Behavior Modification Assistant

State of Minnesota January 2007 - July 2008

Supported individuals with mental illness and/or developmental disabilities who were at risk of losing community placement.

INTERESTS

My family. Making things work really well and then celebrating with music, food, and drink. I used to do flips on wakeboards and snowboards, but my odds of doing so again without serious injury are steadily declining. I'll find time to ride again (in a more relaxing manner) someday soon.

EDUCATION

Dev Bootcamp

Web Development 2013

University of Minnesota

Biology(B.S.) 2008 – 2011

Hennepin Technical College

EMT-B 2011
